

Grief & Loss Support

The Grief/Loss Support Group began in July of 2010. There was a need within our parish for a group like this. Many have lost loved ones or suffered other losses such as a divorce, a job, or a loss of something else they cherished. The group in the past has read and studied books relating to grief and loss; they have had guest speakers come to talk to them, and also plan to attend bereavement support group classes for adult mourners at other nearby churches.
