

Children's Chapel

Children's Chapel provides an opportunity for some of the youngest of our congregants, those between the ages of three and eight, to worship together under the guidance of volunteers who prepare an object lesson based on the gospel spoken in the regular church service.

The children also experience participation in their service, ringing a bell to open and close the service, lighting and extinguishing altar candles, participating in an offering and singing hymns.

We welcome children to join us during the 9am service, following announcements and the Priest's dismissal to Children's Chapel.
