## EVANGELISM AND MEMBERSHIP DEVELOPMENT

The Evangelism & Membership Committee seeks to fulfill the commission of our Lord by making CHC relevant to our North Dallas community and by sharing the Gospel in word and deed. We aim to reach those who are without our Lord Jesus Christ and are seeking a church home. The committee creates an approach to evangelism based on the Acts 1:8 model that is consistent with the Anglican Way and involves every person in the congregation in some way. Seekers and visitors who find their way to CHC will experience a welcoming environment that greets visitors and mentors new members, fully involving them in life of the church. New and long-standing members will be provided with the means for spiritual formation, to enable them to fulfill the CHC mission statement: Making Disciples for Christ in the Anglican Way. Looking to the future the Evangelism Committee will build on the success of our many front-porch ministries and find new ways to win new souls to Christ and bring them into the sacramental life of our church while staying true to the principles of our Anglican tradition.
